New Directions Wellness Center

Our Vision

Our vision is to assist and empower all people in discovering and embracing recovery and wellness.

Our Mission

Our mission is to provide quality wellness services to individuals and families with mental, co-occurring, and substance use disorders in order to promote recovery and wellness.

Even our saguaro is excited to be here!

New Directions is a community-based center meeting the community's needs and providing wellness services including recovery support services and peer support. We are also one of NAZCARE's Regional Training Centers. New Directions has integrated recovery support services with Next Steps Supportive Housing with both transitional and permanent housing.

New Directions is a wonderful community partner and is always looking for ways to contribute to the Kingman community. We continue to reduce stigma by partnering with the community. New Directions has collaborative partnerships with Mohave Mental Health Clinic (MMHC), Evercare, and Southwest Behavioral Health (SWBH). NAZCARE has implemented a holistic approach to recovery and wellness by addressing the whole person in mind, body, and spirit.
