## ***Our Mission***

*Our mission is to provide quality wellness services to individuals and families with mental, co-occurring, and substance use disorders in order to promote recovery and wellness.*

## **People Operating With Empowerment in Recovery**

Wellness Center started in Eagar in 2009 as a satellite center where we shared a space with MIKID. In 2013, we moved into our permanent location on Main Street. P.O.W.E.R. has had longstanding partnerships with Little Colorado Behavioral Health and many other organization in the Round Valley area. NAZCARE has implemented a holistic approach to recovery and wellness by addressing the whole person in mind, body, and spirit.

Members are co-creators of the center and support each other in their recovery. People participate at P.O.W.E.R. to communicate, cooperate, appreciate, and feel empowered to express their full potential. You have the P.O.W.E.R. to change, we can help!
